VOLUME CVIII.--NO. 106. ALEXANDRIA, VA., FRIDAY EVENING, MAY 3, 1907. PRICE 2 CENTS.

A Square Deal

Is assured you when you buy Dr. Pierce's family medicines—for all the ingredients entering into them are printed on the bottle-wrappers and their formulas are attested under oath as being complete and correct. You know just what you are paying for and that the ingredients are gathered from Nature's laboratory, being selected from the most valuable native medicinal roots found growing in our American forests and while potent to cure are perfectly harmless even to the most delicate women and children. Not a drop of alcohol enters into their composition. A much better agent is used both for extracting and preserving the medicinal principles used in them, viz.—pure triple-refined glycerine. This agent possesses intrinsic medicinal properties of its own, being a most valuable antiseptic and antiferment, nutritive and soothing demulcent.

Glycerine plays an important part in Dr. Pierce's Golden Medical Discovery in the cure of indigestion, dyspepsia, and weak stomach, attended by sour risings, heart-burn, foul breath, coated tongue, poor appetite, gnawing feeling in stomach, biliousness and kindred derangements of the stomach, liver and bowels.

Besides curing all the above distressing ailments, the "Golden Medical Discovery" is a specific for all diseases of the mucous membranes, as catarrh, whether of the nasal passages or of the stomach, bowels or pelvic organs. Even in its ulcerative stages it will yield to this sovereign remedy if its use be persevered in. In Chronic Catarrh of the Nasal passages, it is well, while taking the "Golden Medical Discovery" for the necessary constitutional treatment, to cleanse the passages freely two or three times a day with Dr. Sage's Catarrh Remedy. This thorough course of treatment generally cures the worst cases.

In coughs and hoarseness caused by bronchial, throat and lung affections, except consumption in its advanced stages, the "Golden Medical Discovery" is a most efficient remedy, especially in those obstinate, hang-on coughs caused by irritation and congestion of the bronchial mucous membranes. The "Discovery" is not so good for acute coughs arising from sudden colds, nor must it be expected to cure consumption in its advanced stages—no medicine will do that—but for all the obstinate, chronic coughs, which, if neglected, or badly treated, lead up to consumption, it is the best medicine that can be taken.

DISCRIMINATING LADIES.

Enjoy Using Herpicide on Account of Its Distinctiveness.

The ladies who have used Newbro's Herpicide speak of it in the highest terms, for its quick effect in cleansing the scalp of dandruff and also for its excellence as a general hair-dressing. It makes the scalp feel fresh and it allays that itching which dandruff will cause. Newbro's Herpicide effectively cures dandruff, as it destroys the germ that causes it. The same germ causes hair to fall out, and later baldness; in killing it, Herpicide stops falling hair and prevents baldness. It is also an ideal hair dressing, for it lends an aristocratic charm to the hair that is quite distinctive. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

Two sizes—50 cents and $1.00.

Weak Women

To weak and ailing women, there is at least one way to help. But with that way, two treatments, must be combined. One is local, one is constitutional, but both are important, both essential. Dr. Shoop's Night Cure is the Local. Dr. Shoop's Restorative, the Constitutional.

The former—Dr. Shoop's Night Cure—is a topical mucous membrane suppository remedy, while Dr. Shoop's Restorative is wholly an internal treatment. The Restorative reaches throughout the entire system, seeking the repair of all nerve, all tissue, and all blood ailments.

The "Night Cure", as its name implies, does its work while you sleep. It soothes sore and inflamed mucous surfaces, heals local weaknesses and discharges, while the Restorative, eases nervous excitement, gives renewed vigor and ambition, builds up wasted tissues, bringing about renewed strength, vigor, and energy. Take Dr. Shoop's Restorative—Tablets or Liquid—as a general tonic to the system. For positive local help, use as well

MISS LOVING'S LETTER.

Regarding the dispatch sent out from Charlottesville several days ago, in which it was said that Miss Elizabeth Loving, daughter of Judge Loving, who shot Theodore Estes, at Oak Ridge, April 22, for an alleged insult to his daughter after drugging her, had fully exonerated Estes and expressed amazement at the unwarranted action of her father, comes a statement from Aubrey Estrode, of Lynchburg, counsel for Judge Loving, that Miss Loving did not write such a letter.

The following is a verbatim copy of Miss Loving's letter to her Charlottesville friend:

"Thank you, Louise, thank you more than I can tell, for writing. The different papers have published so many different things that I have to hold my head tight to think what really did happen. Oh, Louise, I am so miserable. It seems that my life is one dark, dark blank. I am trying to bear up, trying to stand it for father's sake, for you know it will all nearly rest on me.

"God and the truth alone can help me. Oh, Louise, will you pray for me; will you get down on your knees and ask God to help us? At times I can't stand it. That it can't be true. I wish I could see you—you would be such a comfort to me, but I am believing that your heart is with me anyway. My brave, brave little mother is bearing up wonderfully, there never was another such woman on earth as she is.

"Letters and telegrams have been coming for three days, and they are such comforts. It's such a comfort to know that in this, the darkest time of our lives, there are friends who are true, and who will stand by us through the trouble. But, oh, Louise, just think of it! —— has been gone since the 1st, you know, and I don't see how we could have stood it without her. Then —— is here to manage everything. He is a comfort beyond words.

"We are so thankful that he is out on bail, and now if we can just get his nerves straightened out. I hadn't seen him until yesterday. He came up here and put his poor weak arm around me, and told me to be brave. Oh, Louise, isn't it awful! Some time, when I feel I can I will write you more. If it's not too much trouble, will you write me occasionally? It will help me so much to know you are praying for me, and think about us. Oh, Louise, Louise, think of it; think of it!" "ELIZABETH."

Missing Husband.

Mrs. Flora Adams, of New York, wife of Henry Austin Adams, a former assistant rector of Trinity Church, who last December defeated, in Seattle, his suit for divorce, and secured a decree, ordering him to pay her alimony, beginning in March, is now unable to find him to collect the alimony.

The brilliant, but erratic, husband recently left Seattle, but no one has been found who knows his address.

The career of Adams is one of the strangest on record. While serving Trinity in New York, and drawing a salary of $10,000 a year, he insisted on exchanging salaries with a clergyman who was paid only $2,500, basing his demand on the ground that his colleague was doing most of the work.

He afterward left the Episcopal for the Catholic Church, and became a lecturer. In his new field he was highly successful.

In 1902 he abandoned his wife and four children in Brooklyn to elope with Gertrude Desch, a sixteen-year-old Baltimore girl that he had taken into his home, and whom he called his "mystic soul." While in New Zealand he wrote for magazines and newspapers in this country under the names "Wilfred Wesy" and "Vincent Harper." It was not long before his wife recognized the writer in his style.

Later he and the girl with whom he eloped appeared in Seattle, where he sought a divorce from his wife. To his surprise she appeared and fought the suit.

Adams' "mystic soul" is said to be the heroine of a story, "My Client's Case," that was written by him.

Good Words for Chamberlain's Cough Remedy.

People everywhere take pleasure in testifying to the good qualities of Chamberlain's Cough Remedy. Mrs. Edward Phillips, of Barclay, Md., writes: "I wish to tell you that I can recommend Chamberlain's Cough Remedy. My little girl, Catherine, who is two years old, has been taking this remedy whenever she has a cold since she was two months old. About a month ago I contracted a dreadful cold myself, but I took Chamberlain's Cough Remedy and was soon as well as ever." This remedy is for sale by W. F. Creighton and Gibson & Timberman.

Don't let any man switch you over to coffee that pays him big profits at the expense of your heart, stomach and nerves.

Accepts Hearst as an Ally.

Mr. Bryan, in an editorial in the Commoner, asks the democrats to accept Mr. Hearst and the independence league as allies. Among other things, Mr. Bryan says:

"Of course, a party may do educational work without dominating the government and all parties, however small, but the great majority of the voters prefer to see results rather than to do pioneer work. Mr. Hearst complains that the democratic party is not harmonious. That is true. But unfortunately, there is no chance of securing absolute harmony in any party of any size. If a party has as many as two members, the conservative and radical elements will appear. In the meantime, democratic papers should treat Mr. Hearst and the new party as an ally rather than as an enemy. We are going in the same direction, even though we march under different banners, and there ought to be no quarrels so long as we are trying to cast out devils although we invoke the name of democracy, while Mr. Hearst and his associates invoke the name of independence league."

A Hard Debt to Pay.

"I owe a debt of gratitude that can never be paid off," writes G. S. Clark, of Westfield, Iowa, "for my rescue from death, by Dr. King's New Discovery. Both lungs were so seriously affected that death seemed imminent, when I commenced taking New Discovery. The ominous dry, hacking cough quit before the first bottle was used, and two more bottles made a complete cure." Nothing has ever equaled New Discovery for coughs, colds and all throat and lung complaints. Guaranteed by E. S. Leadbeater & Sons, druggists. 50c and $1.00. Trial bottle free.

SIC SEMPER TYRANNIS

FRIDAY EVENING, MAY 3, 1907.

THAT IS a heartless story that comes from New York upon the arrival there yesterday of the North German Lloyd steamship Koenign Louiee. It appears that against the combined protest of her sixteen-year-old daughter, all the cabin passengers of the ship and the ship's captain and surgeon, the body of Mrs. Chalmer Prentice, a Chicago woman, was buried at sea on last Saturday, although the woman had not died of any contagious disease, was an American citizen and a first-class passenger on the liner. The burial was upon the sole insistence of Guiseppe Campo, the Italian royal commissario, on the liner. Mrs. Prentice and her daughter, Camille, boarded the liner at Genoa. The mother was ill, and she died on last Friday. The ship's surgeon, Dr. Leber, was making all arrangements to embalm the body and have it brought to port, when Campo, the Italian representative, declared that the body of Mrs. Prentice must be buried at sea. Campo declared that he was merely following the strict Italian law in regard to burials at sea, and that he could take no cognizance as to whether the dead person was an American or a person of any other nationality. The tears of the young daughter did not move the gold-laced and brightly uniformed Italian officer, who gayly discussed his position on the deck of the liner. Such an incident seems strange to people who are susceptible to distressed women's appeals, but shows the manner of men who were on the steamer on that particular voyage. Why with but slight concert of action half a dozen men with hearts and nerve, could have defied the heartless dago and seen to it that the woman's body was embalmed and brought safely home—even if they had to feed the Italian to the fishes. Men who hold royal commissions should be men of discretion and if they have no discretion, it should be taught them.

THAT HE is very much disgusted over the efforts of Andrew Carnegie and others, who have under way a world-wide propaganda toward international peace, was made plain by President Roosevelt in a speech which he delivered in Washington yesterday at the unveiling of a statue to the late Major General George B. McClellan. Without mincing his words he declared that such talk as has been indulged in by theoretical peacemakers tends rather toward timidity, sloth, avoidance of duty and self-indulgence than otherwise, and he reiterated his famous "Big Stick" policy in the words: "Seek the peace that comes to the just man armed." He compared a nation that would shrink from just conflict because it would affect its material development and disturb its ease and luxury, to a rich man who has done nothing but accumulate riches. Such a man, he declared, is entitled to but the scantiest consideration. No nation, he declared, has ever commanded respect except it were a nation which struggled and which strove to a high ideal, which overcame obstacles instead of shirking them. The President talked on a variety of subjects, but his leading feature was his argument that men who go about preaching peace at any price are shirkers.

MANY persons will welcome the new postal regulation providing that after July 1 ordiuary stamps may be used to prepay special delivery letters. It doubtless often happens that a person wishes to send a special delivery letter at an hour and a place when the specially designed stamp can be obtained only with great difficulty, if at all. The new provision may help many a man out of a difficulty.

AN EPISCOPAL minister in Madison, Wis., says: "There are people who say Chicago is a pocket edition of hell. I tell you hell is only a pocket edition of Chicago—thieves, grafters, criminals of all kinds rule Chicago." Probably after all the percentage of bad people in Chicago is not greater than that in other large cities.

From Washington.

[Correspondence of the Alexandria Gazette.]

Washington, May 3.

Attention of government officials has been directed to the formation in Tokio of a Filipino-Japanese society with the ostensible object of knitting together those two peoples. A copy of the statutes of the society has just reached Washington. It sets forth that the main work of the organization will be the protection of Filipino students in Japan and giving them the necessary assistance to carry on their studies; to send commissioners to study the Philippines; to publish in Japanese, English and Spanish a monthly paper; to stimulate shipping between the two countries; to establish in Manila branches of the Japanese banks and insurance establishments, and to propose the laying of a cable between Formosa and Luzon, particularly for the transmission of meteorological observations. Recognizing the wily method of the Japanese, there is great interest in Washington to know to what extent, if any, Japanese officials are behind this movement to foster a kindly feeling for Japan in the Philippines.

The Interstate Commerce Commission will defer until summer or early fall legal action looking to forcing E. H. Harriman to answer questions which he declined to do at the commission's inquiry in the winter. It is announced that the decision is in accordance with the request of Special Counsel Kellogg, who said that he was worn out and needed a rest. This delay will not interfere with a speedy adjudication of the questions by the Supreme Court of the United States, inasmuch as it could reach that body before the summer recess. It is the understanding that an appeal from the New York decision will be made and that the government will ask that it be advanced on the docket of the Supreme Court of the United States. It is hoped to have a final ruling before the first of the year.

Captain Charles de Chandler of the United States Signal Corps, who has just failed in his attempt to sail from St. Louis to Washington in a balloon, is on his way here to perpare for another attempt to win the Lohm Cup for long distance flight. Leo Stevens of New York who made a flight at St. Louis yesterday, is also en route here to accompany Captain Chandler.

The recent scrap at Santiago between the United States sailors and the police of that city in which several sailors were injured was discussed at the Cabinet meeting today. General Bell, chief of staff, made a report on the subject.

That American manufacturers are doing business hand over fist is shown by a report of the Bureau of Statistics to the effect that the value of materials for manufacturing purposes imported during the current fiscal year, will exceed by more than 100 million dollars that of any preceding year.

Army orders were issued today making the changes heretofore noted in stations of commanding generals.

Baroness De Massey Guilty.

The jury in New York in the case of the Baroness Anisia Louise De Massey, charged with the murder of Gustav Simon, the shirt-waist manufacturer, returned a verdict at 11:45 o'clock last night of manslaughter in the first decree, for which the maximum penalty is twenty years. The jury had been out since 3 o'clock. When the baroness was brought over from the Tombs to hear the verdict, there were few persons in the court besides her counsel, Charles Le Barbier, and Assistant District Attorney Ely. She took things calmly. When asked if she wanted to make any comment, the woman said: "If I'm guilty, I'm guilty; and if I'm not guilty, I'm not guilty." Lawyer Le Barbier asked that Justice Blanchard postpone sentence until May 9, to which the judge agreed.

Despondency Caused Suicide.

Paris, May 3 — Despondency is given as the reason for the suicide here last night at the Hotel de L'Orient of Charles G. Steadman, of New York and Philadelphia, a son of the late Rear Admiral Steadman. Steadman and his wife, a daughter of a former Governor of Rhode Island, reached here accompanied by a little girl, on April 30. They had just completed a tour in an automobile with Senator and Mrs. Aldrich, of Rhode Island. Steadman is said to have been drinking heavily of late, and this caused his despondency. When left alone a few moments, last night, he secured a revolver and shot himself in the mouth, the bullet entering the brain. He was found sitting bolt upright in a chair with the gun at his feet.

Boxer Uprising Feared.

Pekin May 3.—Fears are felt of a Boxer uprising among foreign residents of Tientsin by the sprinkling of blood on the doors of many houses in the native quarter according to a dispatch from that town. The smearing of the doors preceded the last uprising, and it is feared this is a signal for another outbreak. All the natives who are opposed to the Boxers are greatly alarmed. Warning is said to have been served on the authorities by peacable citizens that unless the smearing of doors with blood is stopped immediately, there is great danger of a revival of Boxerism.

Bryan and Hearst.

Lincoln, Neb., May 3.—In the Commoner today William J. Bryan mildly condems Hearst's digression into the domain of a new party organization. He also intimates that the experiment will fail. The Two-cent Rate.

The Southern Railway, it is stated, will test in the court the constitutionality of the decision of the Corporation Commission, requiring the Southern, the Chesapeake and Ohio, the Norfolk and Western, the Seaboard Air Line, the New York, Philadelphia and Norfolk, the Richmond, Fredericksburg and Potomac to charge only two cents a mile for passenger transportation.

It is believed the question will first be taken to the State court for adjudication, with a view on the part of the railroad, at least, of carrying the case to the Supreme Court of the United States.

Dynamite in a Crash.

Pottsville, Pa., May 3.—The breaking down of a wagon carrying a ton of dynamite caused a box containing 25 pounds of the explosive to fall violently upon the granite paving blocks of Centre street, right in front of the grammer school building yesterday.

Spectators who saw and appreciated the accident stood rooted to the spot with fright, but, as if by a miracle, the compound failed to explode. Had it done so a large portion of the business part of Pottsville would have been destroyed and hundreds of lives lost.

News of the Day.

I., who disappeared Tuesday with Floretta Whaley, his seventeen-year-old orphan ward, was deposed from the Episcopal priesthood yesterday by Bishop Frederick K. Burgess, of the Long Island diocese. This action was taken at the missing rector's own request as set forth in aletter written by him to the bishop and mailed in New York.

A market rampant with bullish excitement on account of crop damage prevailed on the Chicago board of trade yesterday and prices soared skyward. The advance threw the pit into a state of excitement, recalling the scenes that attended the famous Leiter deal. Within the forenoon the price of wheat for delivery in July, in which the trading was most active, bounded up to 85 1-4 cents, an advance of over 3 cents a bushel in two days.

Arcangelo Rossi, the tenor, who was with the Conried Opera Company in San Francisco during the earthquake, and who, as the result of the fright he experienced, has not since been well, endeavored to commit suicide in Milan, yesterday. Recently he lost his voice. This calamity weighed so heavily on his mind that he went crazy, and yesterday he cut out his tongue with a pair of scissors. He was taken to a hospital in a critical condition.

The Gulf coast of the State of Campeche, Mexico, has been swept by a destructive hurricane. It is said that more than thirty persons were killed and many others injured in the storm. The property loss amounts to several million dollars. The cocoanut groves along the coast were uprooted, and all kinds of crops were destroyed. Many small villages were razed to the earth. The storm came from the south and crossed the gulf, inflicting, it is thought, heavy losses to shipping interest.

Because he could not secure an annual pass over his own line, ex-Gov. H. C. Warmoth, of Louisiana, on Wednesday resigned the presidency of the New Orleans, Fort Jackson and Grand Isle Railroad, a 60-mile line extending down the banks of the Mississippi. Last night the coroner's jury, after hearing the testimony, brought in a verdict of justifiable homicide, the boy having killed his father in defending his mother.

Judge H. Beatty, of Boise, Idaho, who instructed the jury that is supposed to have indicted Senator Borah, of that State, is in the city. "The charge that I used my influence to secure the indictment of Senator Borah, is false" he said today. "The District Attorney told me he had been instructed to investigate the timber frauds. I instructed the jurors in the law applicable and told them they should make no distinction in persons. I gave them no intimation as to who might be involved. When the indictments were returned I did not read the list, but only certified to the signatures and indorsements."

Suicide of a Fugitive.

San Francisco, May 3.—An unknown man was badly wounded by Constables at Willows Monday after a running fight and, when capture seemed certain, shot himself, dying almost instantly. The San Francisco Examiner today publishes a story that the dead man has been identified as Count Otto von Waldstein, of Austria, a scion of a noble family, nephew of a Cardinal, and related to Prince Wartenburg. He was one of the richest men in Franz Josef's empire. The identification was made by Mary Fitzgerald, of this city, who knew him well, after the body had been exhumed from the potter's field. The identification is complete. The count died fighting, believing he was being attacked by a band of robbers. The posse believed they had run down Smith, the alleged murderer of John Marcovicz, of Oakland. Count von Waldstein left Austria and his family six years ago because of a love affair. He fought through the Boer war.

Threatens to Commit Suicide.

New York, May 3.—Rather than go back to Hempstead, L. I., to face a charge of abduction for eloping with Floretta Whaley, the 17-year-old heiress, he lured from her home, Jere Knode Cooke, the former pastor of the aristocratic St. George's Church, is said to have threatened to end his life. The threat, it was reported today, was made in the letter Cooke wrote to Bishop Burgess offering his resignation. The information that Cooke had made such a threat has deterred in a measure Miss Whaley's relatives from the pursuit of Cooke. They fear that if he is driven to end his own life, he may do away with the girl before committing suicide.

Frick For Penrose's Place.

Pittsburg, May 3.—It has leaked out here that United States Senator Boies Penrose is to be forced out and his place taken by H. C. Frick, if the schemers have their way. To carry out this scheme Senator P. C. Knox will claim Valley Forge, in the eastern part of the State, as his home, and the political leaders will then declare that one of the Senatorships must come to the Western end of the State, and that Knox must not be ousted. Penrose will have to go and Frick will get his place.

An unknown negro hurled two stones at O'Grady, one of which struck him on the head and knocked him down. O'Grady had just returned from the house of a friend, where he had been sitting up with a corpse. He is of the opinion that the negro mistook him for someone else.

The stemmers, the majority of whom are women, went along the streets, after leaving the place crying: "More money, or no work!" Editor Dempsey Finds His Daughter.

Madeline Dempsey, the 15-year-old daughter of W. L. Dempsey, editor of the Journal, of Fredericksburg, who disappeared from her home in Washington 12 days ago, was found in a Winchester boarding-house yesterday by her father, who traced her there by means of letters signed "Madge" and received under a Winchester postmark. Mr. Dempsey immediately upon the recovery of his daughter sent telegrams to the police at Washington and Fredericksburg, requesting the arrest of Robert T. Dickson, a former business associate of the girl's father. Dickson will be prosecuted on the charge of having abducted the girl. He is 45 years old and has a wife and two children.

Madeline Dempsey is a remarkably pretty girl and well-developed for her age. Accompanied by her father she left Winchester at 6 o'clock yesterday evening for Washington, and will be at once taken back to her home at Fredericksburg. She was seen at the train by newspaper men in Winchester.

"I love Mr. Dickson very dearly," she said. "I have never loved anyone else half so much. He did not harm me in the least, and treated me with the utmost consideration and respect. He said he loved me, and I believe him. I did not realize that I was doing anything wrong when I left Washington and came here at his request. He came to see me here, and was coming again soon."

Dickson was arrested in Fredericksburg yesterday morning and taken before Mayor Wallace and bailed in the sum of $1,000 for his appearance in court this morning. Judge R. H. L. Chichester, of Stafford county, went his surety.

Later Mr. Dempsey, through his attorney, instituted suit in the Corporation Court against Dickson for $5,000 damages for the alleged abduction of his daughter, and has levied an attachment on his stock of hardware.

CLEAN MACHINERY.

Every man who knows anything about it will say that machinery must be kept clean if the best work is expected from it. Exactly the same is true of the machinery of the body, which can do its work properly only when kept clear of clogging accumulations. The bodily machinery of the human being is clogged when there is constipation and this can be permanently cured and prevented from becoming chronic only by restoring the strength of weakened muscles. Experienced medical men find that this can best be done by the use, until there is free movement of the bowels, of teaspoonful doses, at bedtime and before each meal, of a preparation of 1-2 oz. Fluid Extract of Senna, 1-2 oz. Rochelle Salts, 1 oz. Argo-Sagrada, 30 grains Bi-Carbonate of Soda, 1-2 oz. water and 1½ ozs. Glycerine. The ingredients are all entirely harmless and any good druggist can prepare the medicine.

Today's Telegraphic News

Terrible Explosion.

London, May 3.—A terrible explosion, causing frightful loss of life, has occurred at Canton, according to a message received by a news agency. Immense property loss is also said to have resulted. No details are given, but the wording of the message has aroused the fear that when the whole story is known, it will be found a terrible disaster has occurred.

Canton, May 3.—Hundreds of persons were killed and injured in the explosion of a gun powder magazine here last night. Enormous property loss was occasioned. The exact extent of the disaster is not yet known, as the rescue work has not proceeded far enough to determine just how many persons lost their lives. It is believed many bodies were blown to fragments so that the total death list may never be known. Twenty-one corpses have been taken from the ruins. This is believed to be but a small percentage of the total casualties. Fifteen buildings were completely destroyed by the explosion and fully 100 others were badly damaged. Walls were blown out and the roofs sent skyward only to fall into the debris. In several parts of the ruins fire broke out to add to the horror and increase the number of casualties. The force of the explosion was so great that the city was demolished for a distance of at least 200 feet.

A possible explanation of what caused the explosion developed, when the body of the magazine guard was discovered, one hand tightly clutching a tobacco pipe. The man's head had been blown off.

The Shamien suburb, where the foreign residents live, was badly shaken but no one was injured. The historic many-storied pagoda had a narrow escape.

A number of important Chinese and foreign business houses suffered complete ruin by the explosion. The city walls which were wrecked are twenty feet thick and from 25 to 40 feet high.

Explosion of Tank Steamer.

Plymouth, Eng., May 3.—Details of another tragedy of the sea costing five lives became known today when the steamer Westgate arrived bringing forty-eight survivors of the British tank steamer Silverlip, which was abandoned a mass of flames following an explosion of her cargo of benzine. The explosion occurred May 1, while the steamer was crossing the bay of Biscay. When the first tank let go the decks were burst open and the sides shattered. Flames broke out immediately. As they ate their way from tank to tank the blaze mounted to a height of sixty or seventy feet.

Succeeding explosions marked the igniting of the various tanks. The engineer and four firemen were killed by the first explosion and four other men seriously burned. The crew were barely able to get out the life boats and make their escape before the vessel was a fire from stem to stern. The Westgate picked up the survivors shortly after they abandoned their own steamer.

Baroness de Massey.

New York, May 3.—Showing the same stolid indifference that marked her conduct during the trial, Baroness Anisia de Massey, who was convicted of manslaughter in the first degree in having caused the death of Gustav Simon, the wealthy shirt manufacturer, is today in the Tombs awaiting sentence, expressing the utmost confidence that she will eventually be granted a new trial. The maximum penalty for manslaughter in the first degree is twenty years. There is no minumum, so that Justice Blanchard when he pronounces sentence, next Thursday, may either suspend sentence or impose the full penalty. Speaking of the verdict today, the baroness said: "I am not satisfied with the verdict. I have no doubt that it was a compromise verdict. I am either guilty of murder in the first degree or not guilty at all. I am hopeful of the result of a new trial, which I am sure I will obtain." Lawyer Le Barbiere shared the women's confidence that she would be granted a new trial.

Divorces in Michigan Break All Records

Lansing, Mich., May 3.—Divorce statistics compiled by the Secretary of State's Department for 1906, show that 3,189 decrees were granted during the year, an increase of 389 over 1905.

This is the greatest number returned in Michigan for any year since the registration of divorces began in 1867. This corresponds to a rate of 2.05 persons divorced per 1,000 population, and is about one-eighth of the marriage rate for the year. The Bulletin says: "This is a striking commentary on the condition of social life in the State, and especially in the viciousness and hard-heartedness which must characterize a large proportion of the population when we consider that nearly 50 per cent. of these cases involve, at least for the purpose of making an official court record, the charge of extreme cruelty."

Rioting in India.

Allabad, British Iodia, May 3.—Seous rioting has occurred in the Rawalhindi district as the direct result of the agitition started by anti-British agents who have been preaching an insurrection against Engliab rule throughout northern Iodia. A mob yesterday made an attack on several buildings in the foreign quarter of the city, burned two bungalows and several motor cars and carriages of the owners and then led an attack on a church and mission. The buildings were pillaged and the rioters destroyed all religious books. Several shops were raided and much other damage was done. Troops finally dispersed the mob. Agitators have been going about the country for some time preaching an uprising against the British, and it is feared other disturbances may follow.

Another Heir to Smith's Millions.

New York, May 3.—Another complication in the distribution of the fortune left by the late James Henry Smith, the "silent" millionaire, who died while in Japan on his honeymoon, is promised through the discovery that Smith had an older brother who has not been mentioned among the heirs. It is thought doubtful that the New York millionaire made any provision for his brother in his will, and that John Smith may, therefore, be in a position to contest for a share of the estate.

Little Boy Murdered.

Clevevland, O., May 3.—Alexander Hoening was found dead in a barrel today near his father's home by a neighbor. The body bore every evidence of murder. The child must have been killed sometime Wednesday or early yesterday. The neck bears a long red line as if made by a rope and is caved in, as though with a stone. The skin on the breast is loose. There is a black mark on the leg. The Hoening boy was three years and 4 months old. He disappeared at 3 p. m. Monday from in front of his father's grocery where he had been playing with his sisters. The kidnapping theory was followed from the first, and every patrolman in the city had been on the search. The mother was visiting a fortune teller to see if she could not get a clue to her baby's fate when the body was found. She does not know he is dead.

The police are working on the theory that the child was drowned. They believed the boy met his death by violence in a vat in the rear of his father's store, used for the washing of milk bottles. The body was then carried to the barrel, they think.

Building Operations at a Standstill.

Philadelphia May 3.—More than $43,000,000 in improvements and work on every building operation in the city is at a standstill today as a result of fruitless conferences of employers with bricklayers and stone masons union over a division of work. By order of the master bricklayers, 4,400 journeymen bricklayers and stone masons are forced into idleness and 30,000 mechanics of other trades will lose their work and suffer as a result of the failure of the bosses and workmen to come to an agreement. The employers finally declared that their patience had become exhausted and promptly at 4 p. m. yesterday began paying off their men. They told them that they need not again report for work.

Fights With Furious Rats.

Lansdale, Pa., May 3.—In a battle with rats, Abraham Hunsberger, of this place, killed 28 which had attacked him, while as many more escaped. When the fight began he struck at one huge gray rat with the hoe; the animal squealed and in an instant the loft was full of rats, which attacked Hunsberger, grabbing at his legs and tearing his trousers with their sharp teeth, others jumping on his back and snapping at him.

Hunsberger dropped the hoe, frightened, and endeavored to get out of the loft through a trap door. The door had "caught," and, finding he could not get it open, he again grabbed the hoe, and with part of the handle as a weapon fought the infuriated little animals.

Shaw Predicts Awful War.

Worcester, Mass., May 3.—In the course of an appeal for the support of our marine interests before the Board of Trade, last night, Leslie M. Shaw, formerly Secretary of the Treasury, predicted a great war for the control of the Pacific. "Some day, as sure as Anglo-Saxon blood runs red," said he, "there is to be an awful war. There are two nations that can contest for the Pacific and this war will be settled at an awful cost." Mr. Shaw was rather vague as to what countries he meant and afterwards used every effort to have the newspapers suppress this part of his address. However, the assumption was that he meant the United States and Japan.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

Section 1. Be it ordained by the City Council of Alexandria, Virginia, that the Committee on Streets is hereby authorized and directed to have Cameron street, from the west crossing of Royal street to the west crossing of Fairfax street, with the exception as described in section 3, of this ordinance, graded and paved from curb to curb and to have said street, as above described, curbed in a good and substantial manner, under the supervision of the City Engineer, using for the paving vitrified brick on a six (6) inch concrete base, and for the curbing a six (6) inch granite curb, set in concrete.

And the said Committee on Streets shall advertise for ten (10) days in some news-paper published in the city of Alexandria, Virginia, and in any other newspapers and publications should they deem it necessary for proposals for materials, and they shall do said grading, paving and curbing by day labor, or if in their opinion the best interests of the City Council will be subserved thereby, by contract under bond, after advertisement as hereinbefore provided for materials.

Be it further ordained that no curb shall be set, and that no grading or paving shall be done within ten (10) feet of the curb line in front of any property for which the proportionate expense hereinbefore mentioned shall not be deposited with the City Treasurer, either before or during the grading and paving of the center portion of said street directly in front of said property.

Section 4. Be it further ordained that the portion of the said street in front of any property which may not be curbed, graded and paved in the manner aforesaid, by reason of section 3, of this ordinance, shall, upon there being voluntarily deposited with the City Treasurer, of an amount equivalent to the actual cost of labor and materials necessary to so curb, grade and pave in front of said property, be so curbed, graded and paved.

School Board.

At the monthly meeting of the City School Board held last night there were present: Captain Herbert Bryant, chairman, and Messrs. Thompson, Stabler, Yates, Ramsay, Thomson, Bradshaw, Carne, Boothe, Carter and the Superintendent.

Mr. Yates reported that no work of consequence had been done on the school buildings during the past month; a small leak in the roof of Washington building had been repaired.

On the petition of Cornelius Griffin, janitor of Washington building, for an increase in pay,

Mr. A. H. Thomson, of the finance committee, report that the present condition of the school finances would not allow any increases at this time. He read a report of the receipts and expenses as furnished by the City Treasurer which showed that there would probably be a deficit of over $800 in the school moneys at the end of the year.

Mr. Stabler stated that at the last meeting the committee on school exhibits had been directed to secure cases for the exhibit; the Camden Company had promised to ship these cases immediately but they had not been received; the committee however, had since heard from Mr. Jenkins that the building at Jamestown, in which the school exhibits are to be placed, had not yet been completed.

The Superintendent reported that during the past month one teacher had lost five days but that her school had been kept open by the substitute; one male teacher had lost two days and his school had been closed and that another teacher had lost one day and her school had been closed. He stated that he was now conducting the annual examination of teachers and had to have an assistant and asked for an appropriation of $6 to pay such assistant. The appropriation was made.

Mr. Yates offered a resolution requesting Council to appropriate $500 to pay for making sewer connections at Washington building, which was referred to the finance committee.

Mr. Yates also offered a resolution looking to the erection of a new school building for girls and presented a petition numerously signed by citizens in favor of such building. This matter was also referred to the finance committee.

The chairman introduced Mr. J. H. Depue who stated that he intended establishing in this city a school for penmanship, bookkeeping &c., and wished to introduce his system in the public schools. The matter was referred to the committee on studies and discipline.

Demand Increase Pay.

The owners and the managers of the steamboats plying the Potomac river were notified yesterday morning that after May 15 the engineers and their assistants would demand a substantial increase, amounting to about 25 per cent. in their wages. The lines involved are the Norfolk and Washington Steamboat Company, the Washington and Potomac Steamboat Company, the Potomac Navigation Company, the Mount Vernon and Mashall Hall Steamboat Company and a number of small concerns owning tugboats. For first-class river and bay steamers the chief engineer is to receive $125 per month; assistant engineer, $90 per month; second assistant engineer, $75 per month. This class includes steamers like the Jamestown. For first-class river steamers the engineer is to receive $100 per month and the assistant engineer $75. This class is to include steamboats like the Macalester and the Harry Randall. For second class river steamers the chief engineer is to receive $90 per month and the assistant $70 per month when running regularly beyond Sandy Point. For ferry steamers the chief engineer is to receive $100 and the assistant engineer $75 per month. For harbor towboats the chief engineer is to receive $75 and the assistant engineer $50.

Should the demands of the men be refused, a strike, it is said, will follow.

The managers of the steamboats, claim that in the present condition of the river and bay business an increase of salaries such as that demanded by the Marine Engineers' Association was not possible, especially as compliance with the demands of the engineers would surely result in similar demand for increase of salary for the masters and pilots employed on the steamboat lines. To grant the demands of the engineers, it is said, would increase the operating expenses of the companies several thousand dollars a year.

River Notes.

As was stated in the Gazette, the steam yacht Runaway, belonging to Mr. Joseph Moore, of this city, underwent her annual inspection Wednesday at the hands of the United States steamboat inspectors, and the yacht was found fully equipped and up to the requirements in all particulars.

The steamboat inspectors spent the greater portion of yesterday aboard the steamer Harry Randall. The steamer was found up to the required standard.

The steamer Dennis Simmons, from Williamston, N. C., with lumber to H. K. Field & Co., has arrived.

The barge Daniel is being loaded with brick for Colonial Beach by J. W. Hammond & Sons.

Case Dismissed.

A resident of Queen street was cited to appear before the Police Court this morning to answer the charge of harboring a vicious dog. A colored man alleged that the defendant's dog bit him while he was passing along the street. The owner was dismissed upon guaranteeing to keep the animal on his own premises in future. This was the only case before the court.

Brakeman Injured.

W. N. Miller, a brakeman employed in the Potomac freight yards north of this city, was seriously injured while coupling cars in the yards yesterday evening. He was taken to the Alexandria Hospital where Dr. William M. Smith amputated his left hand and a finger of his right hand. Miller is 23 years old.

Murder in the County.

A young white man named Louis Ledden, of Washington, a paperhanger by occupation, was shot and killed by a negro named George Garrett in a saloon at Rosslyn, Alexandria county, early last night. The negro was subsequently arrested. Ledden was shot through the heart and died within a few minutes. Sheriff Palmer and several deputies were soon at the scene and arrested all persons found in the house, including Dr. Phillips and another man and one white woman and four negroes all of whom are now being held. The building was formerly used as a saloon, and recently has been the resort of both whites and blacks who are addicted to the use of cocaine. Last night two young white women, several colored women, and white and black men were in the place when the shooting occurred. Today Dr. Ashton, the county coroner, held an inquest and the jury returned a verdict that Ledden came to his death by a bullet fired from a pistol by George Garrett.

Personal.

Mr. R. M. Stamper, formerly of Alexandria, who has been spending the past ten days with friends in the south, left yesterday to accept a position with the Long Island Railroad Company.

Mrs. Harriett Starr Wattles left yesterday for Wilmington, North Carolina, to make her home with her son, Mr. Robert Wattles, who is in the office of the Atlantic Coast Line.

Mr. C. C. Carlin attended court in King George yesterday and addressed the voters. He was introduced by Mr. T. L. Hunter. Mr. Carlin made an excellent address, which was attentively listened to by those present.

Mr. and Mrs. O. F. Baggett are at Atlantic City where they will spend a week or two.

Gen. Louis Wagner, of Philadelphia, was in the city this week on a short visit. He was the guest of Miss Mary Shinn at her home on south Pitt street.

Mrs. William E. Lyles is seriously ill at her home, No. 106 north Fayette street.

Deaths and Funerals.

Mr. Samuel P. Clinkscales died at his home, No. 708 north Patrick street, last night. The deceased leaves a widow and several children.

Estelle, infant daughter of Mr. Alfred and Mrs. Lulu Sorrell, died at her parents' home on north Fairfax street this morning.

The funeral of the late William Murphy took place this afternoon from Mr. B. Wheatley's undertaking parlors on King street. The services were conducted by Rev. Father Kelly.

The remains of Mrs. Sarah E. Jasper, widow of J. W. Jasper, whose death occurred in Washington Wednesday night, was brought here this afternoon and interred in Ivy Hill Cemetery. The services were conducted by Rev. Dr. Fisher.

Affairs at Fishtown.

There were no herrings at Fishtown this morning and operations were almost at a complete standstill. A few country wagons were being loaded with offal, and this was the only work in progress. Dealers said they were ready to pay $6 a thousand for herring in order to fill immediate orders. Reports from lower shores are not encouraging. A haul was made at Widewater last night, and it is said that a wheelbarrow would have held all the fish that were landed. The operators of the Gums have "cut out". The river, however, is said to be alive with herring, but they keep in schools and follow the channel.

Attacked by a Negro.

A young woman living on south Alfred street while walking at the southwest corner of Prince and Alfred streets, shortly after 8 o'clock Wednesday night, was accosted by a negro, who seized her by the arm. The young woman succeeded in extricating herself from her assailant and fled. There is a vacant lot where the negro intercepted the young woman and the locality is dark and lonely at night. Some time ago, it will be remembered, a young woman was attacked by a negro at the same place. Fortunately she had a pistol in her possession and defended herself against the brute.

Relief from Rheumatic Pains.

"I suffered with rehumatism for over two years," says Mr. Rolland Curry, a patrolman, of Key West, Fla. "Sometimes it settled in my knees and lamed me so I could hardly walk, at other times it would be in my feet and hands so I was incapacitated for duty. One night when I was in severe pain and lame from it my wife went to the drug store here and came back with a bottle of Chamberlain's Pain Palm. I was rubbed with it and found the pain had nearly gone during the night. I kept on using it for a little more than two weeks and found that it drove the rheumatism away. I have not had any trouble from that disease for over three months." For sale by W. F. Creighton and Gibson and Timberman.

No More Party Rates.

Following the action of the Interstate Commerce Commission in declaring that where transportation lines afford reduced rates on party tickets, as for example to theatrical, baseball, football and other amusement organizations, these reduced rates must also be open to the general public lines, south of the Potomac and Ohio and east of Mississippi rivers yesterday filed with the Interstate Commerce Commission notice that hereafter, theatrical, baseball, football and all other amusement companies will be required to pay the regular prevailing tariffs of individual fares.

Burned Jewels.

Mrs. J. H. French, of St. Louis, removed her diamonds and jewels valued at $8,000 from a safe deposit vault about two weeks ago for the purpose of wearing them to grand opera, and neglected to return them. Tuesday afternoon, before leaving the house to call on a friend, she hid them in the bottom of a waste basket, covering them with waste paper. While dressing for the matinee, she went to get one or two of the articles when she suddenly remembered that her son had burned the contents of the basket the day before in the alley. A search failed to reveal any of the missing gems.

He Fought at Gettesburg.

For several years I had stomach trouble, and paid out much money for medicine to little purpose, until I began taking Electric Bitters. I would not take $500 for what they have done for me." Grand tonic for the aged and for female weaknesses. Great alterative and body builder; sure cure for lame back and weak kidneys. Guaranteed by E. S. Leadbeater & Sons, druggists, 50c.

Proposed Monument to Wirtz

At a large and enthusiastic meeting of the Baltimore section, United Daughters of the Confederacy, held yesterday afternoon at Lehmann's Hall, especial attention was given to facts concerning the monuments which are being erected at points in the South to the memory of the Confederate dead. It is proposed to erect a monument in Georgia to the memory of Captain Wirtz, superintendent of Andersonville prison. The idea of the monument to Captain Wirtz is being advanced as a vindication of his action at Andersonville, for which he was afterward hanged.

Let me mail you free, to prove merit, samples of my Dr. Shoop's Restorative, and my Book on either Dyspepsia, The Heart, or The Kidneys. Address me, Dr. Shoop, Racine, Wis. Trouble of the Stomach, Heart or Kidneys, are merely symptoms of a deeper ailment. Don't make the common error of treating symptons only. Symptom treatment is treating the result of your ailment, and not the cause. Weak Stomach nerves—the inside nerves—means Stomach weakness, always. And the Heart, and Kidneys, as well, have their controlling or inside nerves. Weaken these nerves, and you inevitably have weak vital organs. Here is where Dr. Shoop's Restorative has made its fame. No other remedy even claims to treat the "inside nerves." Also for bloating, biliousness, bad breath or complexion, use Dr. Shoop's Restorative. Write for my free Book now. Dr. Shoop's Restorative sold by E. S. Leadbeater & Sons.

Second Siberian Railroad.

Russia's transportation facilities to her possessions in the far East will never be the drawback to her again that they were during the Japanese war, when the plans adopted yesterday by the council of ministers have been carried into effect. It was decided to build the long-talked of second Siberian railway. It is now proposed to begin work immediately, and it is believed the task will be materially facilitated by surveys which have already been made of parts of the proposed route.

FOR OVER SIXTY YEARS.

AN OLD AND WELL-TRIED REMEDY.—Mrs. Winslow's Soothing Syrup has been used for over sixty years by millions of mothers for their children while teething with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic and is the best remedy for Diarrhœa. Is pleasant to the taste. Sold by druggists in every part of the world. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup and take no other kind.

Guaranteed under the food and drugs act, June 30th, 1906. Serial number 1098.
